Horizontal Position

Vertical Position

ABH manufactures multiple Asylum Trim types from which to choose - all operate in the same manner, by simply rotating the "knob" either clockwise or counterclockwise.

"B" Round Asylum Trim

- Operates by simply rotating the "knob" either clockwise or counterclockwise
- Place your thumb on top of the knob and your finger beneath to rotate the knob
- Knob can be mounted in either horizontal or vertical positions

**"FM" Flush Mount Asylum Trim**

- Trim is flush to the door.
- Operates by simply rotating the Turn Bar either clockwise or counterclockwise
- Turn Bar is notched for ease of rotating to operate the Latch
